

The Chart

February 2014

Hello Advisors,

The year is off to a great start! Recently, we had our first Sports Medicine Statewide Regional Conference at ASU, Tempe in partnership with AzATA. We are so proud of the students that came out to show their skills and participate in different breakout sessions. We had a great group of students and are hoping to increase next year. Special thanks to the judges from AT Still University that took the time to volunteer and the advisors that brought their students. Great job to all!

Online testing has been completed and we are so proud of the work that the students have done in preparation for Spring Leadership Conference and better yet, Nationals. Time is passing by quickly, about two months left till spring conference and five to nationals. Now is the time to motivate and show the members the opportunities and experiences that come from our HOSA conferences. We are expecting to have the largest spring conference to date. Arizona HOSA membership has reached about 7400 members, and we could not be happier.

HOSA is an amazing organization to take part in if you are thinking about a profession in healthcare. If you have students that are interested in being a leader or you have found that they have the qualities to do so please encourage them to apply to be a state officer. Opportunities are once in a life-time, and being a state officer is one of them. Also, State and National Scholarship applications are posted on our web site. This is especially important for your senior students that will be attending college. Please ensure that they fully complete the application.

Remember, February is CTE month! Help celebrate your CTE program at your school and in your community.

Katherine Urrutia
AzHOSA State President
