

2025 FALL LEADERSHIP CONFERENCE

Call for Presenters

What to Expect?

The 2025 Arizona HOSA Fall Leadership Conference is looking forward to returning to the Phoenix Convention Center for another exciting year! The FLC is an opportunity for students in Health Science Technologies courses to attend workshops about leadership, health careers, college readiness, and even some hands-on workshops. Last year, this conference welcomed over 3,000 students and teachers for the day of learning, networking, and preparing for their future.

We invite you and your organization to present workshops relating to your area of expertise. This may range from getting into college, details of getting into your profession, or how even strategies to be a successful employee or great leader. HOSA members are passionate about being Future Health Professionals and enjoy learning from workshop presenters. Workshop presentations should pertain to one of the following subjects: college readiness, career exploration, leadership development, or community partnerships. Hands-on workshops are always highly encouraged but not required.

TENTATIVE SCHEDULE
