Today your state officers attended a workshop called Officer 301 which educated your officers on how to be the best leaders and how to properly network using the acronym GNAP: Greeting, Name, Association and Purpose. So when you are pin trading or just networking with other members try out your GNAP! Your officers plan to use the knowledge they developed today, throughout the rest of the conference and continue this year!
Pins & Expo

PIN TRADING

One of the highlights of the International Leadership Conference for many people is pin trading! Each member receives 10 pins from Arizona HOSA, which you can use to trade with members from other states/countries. Members can trade anywhere besides the registration hall. You may purchase more pins at registration to expand your collection ($1 if cash $1 + tax if card). This is a great way to network with HOSA members from other states/countries as well as promote Arizona HOSA. Do not forget to let people know to follow @azhosa on social media! Happy trading!

HOSA EXPO

The HOSA EXPO is a great place to take advantage of interactive exhibits and get some goodies while also learning from HOSA sponsors. Members can find the HOSA EXPO at the Ryman Exhibit Hall B5 & B6 from 9 AM to 5 PM on Wednesday and Thursday and Friday from 9 AM to 2 PM.
