# Pin of the Day

Day 2 has been filled with meeting new members and continuing to pin trade! Today's pin of the day is Canada. Fun fact: Canadian members only receive one trading pin making the Canadian pin rare. It is exciting seeing members from other counties truly display how big HOSA is.

## HOSA Expo

The HOSA EXPO is full of so many interactive learning activities. One of them includes toltech which a virtual reality anatomy learning tool. It is a fun way to learn anatomy in a 3-D method. Members can visit the station and wear a VR set and explore anatomy. Definitely go check it out at the HOSA EXPO!

PUNNY WEATHER WITH  
WOODRUFF

# Teach the Science Behind the Medicine

Presented by:  
Leigh Brown,  
Bio-Rad Specialist

At this workshop a Bio-Rad specialist spoke on the topic of biotechnology and how viruses are tested. Participants were able to practice with and use a micropipette and go through the process of how labs test COVID-19. Bio-Rad is partnering with HOSA to release an all now competition, Biotechnology which will focus on 8 different skills in Biotechnology. The competition will include a written test and a hands on skill demonstration like micropipetting! This competition gives members an idea of what it is like working in a lab with viruses like COVID! HOSA and Bio-Rad will be rolling out more information about this new competition soon!

# UNDERREPRESENTED CAREERS

## SPACE PSYCHOLOGIST

### Overview

Space Psychologists specialize in helping astronauts overcome obstacles that may occur in their space travel (such as claustrophobia). Their main objective is to make sure that astronauts are mentally stable in order to work. Space Psychologists also provide support to the astronaut's families. These types of psychologists fall under the industrial organizational psychology branch.

### Betty Sanders

Betty Sanders is a Space Psychologist who worked with NASA. Her specialty was observing the way humans interact with machines in the workplace. One of her biggest accomplishments was helping fix the Hubble Space Telescope. To learn more watch her full interview here: <https://www.careergirls.org/role-model/io-psychologist-0/?v=my-career>

*"When I worked with the space program I'd love to go to work, every day I would wake up excited..."*

### Education

1. High School Diploma
2. A Bachelor's degree in Psychology
3. A PhD in Space Psychology
4. (Optional) Clinical Research

# ***Shops Around Delta Marketplace***

## **AMELIA'S**

LOCATED ACCROSS FROM DELTA MARKETPLACE

Amelia's is a woman's clothing store decorated in fun jewelry and tons of Vera Bradley Bags. If you're looking for a store that encapsulates Southern charm, this is it! Highly recommended for those looking for women's fashion, purses and jewelry.

## **THE OPRY SHOP**

LOCATED ON THE DELTA WALKWAY

Are you looking for souvenirs? Do you like music? Then this shop is perfect for you! Johnny Cash, Dolly Parton and Elvis Presley litter this store with so much Nashville merch you'll be leaving with a shirt for your third cousins.

Want to get some HOSA merch? Stop by the HOSA store! Located in the very back of the expo hall. You'll be able to find everything you can think of, from wireless airpods to blankets with unique HOSA designs on them!

# HOSA Member Sightings!

Arizona HOSA State Officers  
met with amazing California Members  
minutes before the opening session!!

Arizona HOSA State Officers also  
traded pins and had AMAZING conversation with  
members from Puerto Rico! Welcome to ILC!

Fun fact: North  
Carolina HOSA  
was founded in  
1976

Fun Fact: HOSA  
headquarters is  
in South Lake,  
Texas
