What to Expect?

The 2021 Arizona HOSA Fall Leadership Conference is looking forward to having our first in-person conference since 2020! The FLC is an opportunity for students in Health Science Technologies courses to attend workshops about leadership, health careers, college readiness, and even some hands-on workshops.

We are inviting you and your organization to present workshops relating to your area of expertise. This may range from getting into college, details of getting into your profession, or how to be a great leader. HOSA members are passionate about being Future Health Professionals and enjoy learning from workshop presenters.

Workshop presentations should pertain to one of the following subjects: college readiness, career exploration, leadership development, or community partnerships. Hands-on workshops are always encouraged but not required. If you have any questions about this opportunity or if your organization would like to sponsor this conference, please reach out to the Arizona HOSA State Advisor, Elizabeth Carnesi at elizabeth.carnesi@azed.gov.
