

REGIONAL CONFERENCES

About Regional Conferences:

Our Regional Conferences serve as the first step in qualification for several of our competitive events leading up to our State and International Leadership Conferences. HOSA members will have the opportunity to compete in one of 14+ events (full list on our website) that focus on the leadership and professional skills included in HOSA. Lunch will be included in the fee for registration, and members will attend an awards session later in the day to learn who advanced to our SLC!
